Deliberate Face to F.A.C.E. **IS HOUSING A HUMAN RIGHT?**

October 28, 6-8 PM

1317 G St. NW, Washington, D.C. 20005

Church of the Epiphany Sanctuary

Is housing a universal human right?

What would that look like in the District and the Nation?

Join Focus Attitude and Commitment to Excellence, a team of DC homeless and formerly homeless advocates, for a town hall style event. The audience of housed and un-housed community members will pose questions to experts regarding the universal right to housing. Please add your voice to the deliberation- an intentional discussion toward making a decision.

Key topics:

- Linking local and national efforts to end homelessness
- Affordable housing = 30% of income, according to the U.S. Department of Housing and Urban Development
- Housing for community members on fixed incomes (SSI, disability, etc.)
- Area median income versus minimum wage of D.C.
- Public and private low-income property
